Experience

Academic & Professional Experience

- **Dean, Faculty of Engineering and Technology**

  Sukkur IBA University, Pakistan

  January 2026 – Present
- **Director, Quality Enhancement Cell (QEC)**

  Sukkur IBA University, Pakistan

  June 2023 – January 2026
- **Secretary**

  SIBA Testing Services (STS)

  November 2024 – February 2025
- **Associate Professor**

  Sukkur IBA University, Pakistan

  August 2019 – January 2026
- **Research Professor / Postdoctoral Fellow**

  Sungkyunkwan University (SKKU), South Korea

  May 2022 – April 2023
- **Assistant Professor**

  Sukkur IBA University, Pakistan

  July 2012 – August 2019
- **Lecturer**

  ISRA University, Hyderabad, Pakistan

  January 2012 – July 2012

- **Research Assistant**
  University of Zagreb, Croatia
  September 2010 – July 2011
- **Instrumentation Engineer**
  Habib Sugar Mills Ltd., Pakistan
  February 2008 – May 2009
- **Assistant Works Manager**
  Government of Pakistan
  April 2007 – January 2008
- **Electrical Engineer**
  Khairpur Sugar Mills Ltd., Pakistan
  January 2006 – December 2006

Education & Qualifications

2017	Ph.D.	University of Electronic Science and Technology, UESTC, PR. China Thesis Title: **The Design and Construction of the Flexible Sensors Based on Carbon Nanomaterials**
2011	Master of Engineering	Electronic Systems Engineering, Mehran UET, Jamshoro, Pakistan Thesis Title: **Electrical Properties of Fabricated Transistor Regions in Advanced Silicon Bipolar Technologies**
2005	Bachelor of Engineering	Electronics Engineering, Mehran UET, Jamshoro, Pakistan Title: **Image Edge Detection and Object Recognition Using Wavelet Transform**

Research Interests

- Sensors and sensing technologies
- Flexible and wearable electronic devices
- Electronic thin films and materials
- Nanogenerators and energy harvesting
- Thermogalvanic devices, energy conversion systems

Research Experience & Projects

2024 SRSP	Received grant of 2.4 million from Sindh Research Support Program project of Sindh Higher Education Commission.
2019 SRGP	Worked as Co-PI on supporting paralysis patient by processing EEG signals under SRGP.

2018 SRGP	Worked as PI on Flexible Sensors based on Nanomaterials project awarded under Higher education start up grant program.
2013 ICT R&D	In response to the escalating energy demands and the need to mitigate the environmental impact of thermal power plants, our team has successfully created an innovative energy solution. We have devised a cutting-edge system capable of powering streetlights, homes, and nearby road parking using a sustainable energy source that requires minimal maintenance. This breakthrough not only addresses the growing energy requirements but also significantly reduces the ongoing environmental damage caused by traditional thermal plants.

Memberships

2012	Senior Member IEEE
2006	Member Pakistan Engineering Council

Academic responsibilities

- Member of plagiarism committee of the university, statutory bodies (Board of Studies, Board of Faculty, Academic council, board of advanced study & research, syndicate and senate) of the Sukkur IBA University.
- Member Syndicate against the position of Associate Professor of Sukkur IBA University for the period of three years since October 2021.
- Member outcome-based education (OBE) accreditation committee of the department of Electrical Engineering, Sukkur IBA University to review curriculum.
- Member Departmental and Faculty council of the Faculty of Electrical Engineering Sukkur IBA University to review curriculum of undergraduate and postgraduate programs.
- Member Strategic committee of the department of Electrical Engineering to review the academic, co-curricular activities of the department.
- Member Program Review Committee of quality enhancement cell (QEC) of Sukkur IBA University for the assessment self-assessment reports of ME/MS/PhD Programs.
- Member Board of Studies Department of Electronics, Sindh University Jamshoro.
- Member Board of Faculty council of the Benazir Bhutto University of Technology & Skill Development to review curriculum of undergraduate programs.
- Member expert (electronics) for evaluating candidates on vacant positions of Sukkur IBA University.
- Supervised 06 undergraduate research thesis.
- Supervised 03 Master of Engineering Thesis/research.
- Worked as Chief Editor, Sukkur IBA Journal of Emerging Technologies (SJET) which is recognized by Higher Education Commission of Pakistan in Y category from 2018 to 2022.
- Organized 1st, 2ndand 3rd International Conference on Computing, Mathematics and Engineering Technologies (*i*CoMET) as a General Chair and Co-General present.

Director Quality Enhancement Cell Sukkur IBA University

- He hold the distinction of being a National Certified Reviewer of Higher Education Institutions, a certification awarded after successfully completing a rigorous 100-hour training program by Sindh HEC.
- Oversee and enhance the quality of academic programs, administrative services, and overall institutional performance.
- Develop and implement strategic plans for quality enhancement and assurance.
- Establish and maintain quality benchmarks and performance indicators.

- Design and implement quality assurance frameworks and processes.
- Conduct regular audits and reviews.
- Oversee preparation and submission of self-assessment reports.
- Develop policies and procedures for quality assurance and enhancement.
- Monitor and evaluate policy implementation.
- Recommend improvements based on evaluations.
- Collect and analyze data on academic performance and institutional effectiveness.
- Identify areas for improvement using data-driven insights.
- Implement corrective actions based on data analysis.
- Ensure compliance with accreditation standards and requirements.
- Coordinate accreditation and re-accreditation processes.
- Organize training programs for faculty and staff on quality assurance practices.
- Promote continuous improvement and quality enhancement culture.
- Liaise with internal and external stakeholders.
- Facilitate communication and collaboration between departments.
- Prepare and present reports on quality assurance activities.
- Maintain documentation of quality assurance processes, policies, and outcomes.
- Identify and incorporate best practices in quality assurance.
- Foster a culture of innovation and continuous improvement.
- Provide leadership and direction to the QEC team.
- Manage QEC’s budget and resources efficiently.
- Master’s or doctoral degree in a relevant field (e.g., education, management, quality assurance).
- Extensive experience in quality assurance and enhancement, preferably in higher education.
- Strong knowledge of national and international accreditation standards and practices.
- Excellent analytical, organizational, and communication skills.
- Proven ability to lead and manage teams effectively.
- Commitment to promoting a culture of quality and continuous improvement.
- Ensuring compliance with Higher Education Commission (HEC) Pakistan's guidelines.
- Proficient in applying for HEC Pakistan national rankings of Higher Education Institutions (HEIs).
- Experienced in handling international rankings such as THE Impact Rankings, THE World Ranking, and UI Green Metric World University Rankings.

Reviewer of journals, conferences, and Fellowships

I am reviewer of following journals and conferences

- Advanced Materials
- Journal of Applied Energy
- IEEE Access
- Nano-Micro Letters
- Journal of Materials Chemistry C
- Small
- NANO
- Sensors
- ECS Journal Of Solid State Science And Technology
- Energy & Environmental Materials
- Journal Of Materials Chemistry A
- Advanced Functional Materials
- Advanced Materials Interfaces
- Applied System Innovation
- Electronics
- IEEE Transactions On Intelligent Transportation Systems

- IEEE-ASME Transactions On Mechatronics
- International Journal Of Energy Research
- Materials
- Materials Performance And Characterization
- International Journal of Energy Research
- International Journal of Imaging Systems and Technology
- Journal of Materials Performance and Characterization
- Sir Syed University Research Journal of Engineering and Technology
- International Conference on Computing, mathematics, and Engineering Technologies (iCoMET)
- International Multi-Topic ICT Conference (IMTIC)
- Paris Region Fellowship Programme (ParisRegionFP)

Honors & Awards

2024 Sindh Higher Education Commission of Pakistan, Sindh research Support Program grant of 2.4 million as Principal Investigator.

2019 Higher Education Commission of Pakistan Start up Research Grant Project as Co-Principal Investigator.

2018 Higher Education Commission of Pakistan Start up Research Grant Project as Principal Investigator.

2014 Chinese Government Scholarship for PhD.

2010 Erasmus Mundus Scholarship at University of Zagreb Croatia for Master of Engineering Program.

Specialized Core Course Taught at University

At Sukkur IBA University, the Learning Management System (LMS), Course Management System (CMS), and Enterprise Resource Planning (ERP) system are integral to academic and administrative operations:

1. **LMS (Learning Management System) –** Used for managing course-related activities, including uploading lectures, assignments, quizzes, and marks. Faculty members prepare and upload student evaluations, and the system maintains a gradebook for tracking academic progress.
2. **CMS (Course Management System) –** Handles academic records, including attendance tracking, course withdrawals, and other student-related administrative processes.
3. **ERP (Enterprise Resource Planning) –** Used for staff and HR services, streamlining administrative functions such as payroll, leave management, and performance tracking.

These systems ensure efficient academic and administrative management, supporting faculty, staff, and students in their respective roles.

- Programming
- HCI
- VLSI technology
- RF MEMS
- sensors technology
- instrumentation and measurement
- linear control system engineering
- advanced control engineering
- electronic devices and circuits
- linear circuit analysis

- network circuit analysis
- electronic circuit design (amplifiers and oscillators)
- optoelectronics
- introduction to nanotechnology
- new energy materials and devices
- electronic packaging
- analog & digital electronics
- analog and digital communication
- signals & systems
- nanotechnology

Software & Tool

- Programming: MATLAB, Lab VIEW, C++, Python
- Finite Element Analysis: ANSYS, COMSOL
- Computer Aided Design: SolidWorks, AutoCAD
- Origin Software, EHD

Characteristics & Synthesis Techniques

- CVD, EB PVD, SEM, XRD
- Semiconductor Parameter Analyzer
- 3D Printing (inkjet EHD)
